What can I do now?

Some careers have clear progression routes which outline what you need to do to gain employment in these sectors. In others, the push might be up to you.

Some of you might have a career in mind and that is why you have chosen to take a course with Eagles Consultancy. Perhaps you have interests you want to develop so you can enter a possible career or progression route?

Now that you have completed the Level 3 Certificate in Health and Social Care, you have several options of what you can do next with Eagles Consultancy or if you choose, with other educational settings.

Progression to employment!

Your Level 3 Certificate supports your access to Higher Education in university or college, progression to further learning at Level 4 and above, and a wide range of job roles within the health and social care sector such as:

- Care support worker in adult residential settings, domiciliary services, supported living or day services.
- Community based support worker.
- Healthcare assistant in community, primary care and acute health environments.
